

Macro 2000

National Symposium

Polymers and Composites

1-3 Dec, 2000

Please return by April 15, 2000

Please send the filled proforma for quick response :

To
Dr. L D Kandpal
Head, Polymer Science
Defence Materials & Stores
Research & Development Establishment
G. T. Road, Kanpur-208 013, India

Phone (O) : 451759-78 (Ext. 362)

Phone (R) : 0512-241675

Fax : 0512-450404

: 0512-404774

e-mail : Root @drdmsr.ren.nic.in

: dmsrde@lw1.vnsl.net.in

Registration Fee

	Non members of SPS	Life members of SPS
Foreign delegates	US \$ 400	\$ 300
Foreign student delegate	US \$ 100	\$ 50
Delegate from industry	Rs. 4000	Rs. 4000
Delegate from research Institutions/ Universities	Rs. 2000	Rs. 1500
Student delegate	Rs. 1000	Rs. 500

Please contact for more information

First Circular

Macro 2000

National Symposium
On
POLYMERS AND COMPOSITES

December 1-2, 2000

Organized by

The Society for Polymer Sciences, India
&
Defence Materials & Stores
Research & Development Establishment
G. T. Road, Kanpur - 208 013, India

About the Symposium

The society for polymer science, India is dedicated to the general advancement of science and technology of polymers in the country and to provide a forum for exchange of information amongst its members and the polymer community at large.

The society has been active for over a decade and has organized several annual symposia in the past. Macro 2000, a symposium planned in the series, aims to attract leading polymer scientists and technologists from academic institutions, research laboratories and the industry. Its main aim is to provide an opportunity for presentation of research papers based on latest findings and for a healthy exchange of information in the forefront area of polymers. The emphasis in symposium would be on the major areas of polymers namely synthesis, physics, engineering and technology. **The main focus of this symposium would be on high performance polymers.** This forum will also provide opportunity to discuss about new characterization and evaluation techniques in the area of polymer science & technology. There would be an emphasis to encourage interaction between the academic institutions, research institutions and the industry leading to cooperative activities which is extremely essential for the fast growth of polymers in India.

Technical Programme

The conference programme will comprise of invited keynote papers and contributed oral as well as poster presentations. The technical programme will be divided into several sub-symposia, each of which will feature one or more keynote lectures by renowned persons in that area followed by

Contributed papers. Adequate discussion time will be allowed to encourage the full participation of conference delegates. Poster sessions will be organized separately. The various sub-symposia are listed below.

- * Novel polymers and polymerization techniques.
- * Reinforced and filled polymer systems.
- * Composites for ballistic and aerospace applications.
- * Polymer blends and alloys.
- * Engineering and specialty polymers.
- * Modelling and designing with Plastics.
- * Eco-friendly polymeric materials.
- * Polymers as Bio-materials
- * Polymers in electronics.
- * Conducting polymers.
- * Smart polymers.
- * Molecularly engineered polymers & fibres.

This symposium will also provide an opportunity to entrepreneur for display of their specialty products and analytical instruments.

Call for Papers

All those desirous of participating and/or presenting a paper in the symposium Macro 2000, are requested to complete the enclosed proforma and send it to the convenor by **April 15, 2000**. Authors are requested to send two hundred words printed abstracts to the conference secretariat by **May 15, 2000**. The abstract should contain sufficient information for proper review. The name of the main corresponding author should be underlined followed by the affiliation and address. Author will be informed of the status of their contribution by **July 15, 2000**. Accepted full papers will be required in camera ready form by **Sept. 30, 2000**. The details of the format for papers will be provided in the second circular.

Macro 2000

National Symposium On Polymers and Composite

1-2 Dec, 2000

Please return by April 15, 2000

I am interested in presenting a Paper

Oral Poster

I am interested only in attending the conference.

Title of conference paper.....

Name (Prof./Dr./Mrs./Mr.).....

Position/Title

Organization

Address

Zip code Country

Fax.....Phone.....

e-mail

Signature
